

Cause and Effect
Westward Expansion

Directions: Complete the T-Chart by placing each item in with the CAUSE or the EFFECT

Reminder:

Cause- the reason something is happening

Effect- the outcome (stems from the cause)

Choices:

- Growing population in the east (original 13 states)
- The Gold Rush (when many moved to California to search for gold 1849)
- Conflicts with Native Americans (Tecumseh's War, etc.)
- Seeking jobs
- New diseases
- Spreading religion (Christianity)
- Indian Reservations (land set aside for natives)
- Discovery of Gold (actually finding the gold for the first time)
- Railroad was built
- Homestead Act (government giving away free lands)
- Trial of Tears
- Fertile Soil
