It is your responsibility as a parent to ensure that your child gets to school safely, or you must provide a responsible adult to walk to school with your child for this event. We are simply encouraging more families to walk to school as part of the National Walk to School Day and to promote healthy habits.

We have volunteer parents to lead the activity, but they are not taking responsibility to get your child to school. Please take the time to walk with your child to school on National Walk to School Day. This can be a wonderful bonding opportunity for you and your family, and the Howard Learning Community!
