Course Objectives:

At the end of this course each student will:

1. Become acquainted in several health care careers.
2. Gain experience of providing services to patients, families, visitors and staff.
3. Have exposure to individual participation and responsibilities in the real world of health care services.
4. Develop communication skills consistent with a health care provider.
5. Utilize the research process in health care career exploration.
6. Actively participate in a series of educational seminars regarding the total hospital community.

Student Expectations:

- Arrive on time – stay for duration
- Proper hygiene and comply with dress code
- Be attentive
- Participate in own learning
- Be prepared for class
- Observe safety and infection control policies
- Maintain patient confidentiality
- Complete assignments neatly and turn in on time
- Professional conduct as indicated in Henry Ford Health System Code of Conduct for Henry Ford Early College Students

Disciplinary Process (Overview):

Level 1 – Verbal Warning

Level 2 – Call to parent/guardian; referral to principal; removal from clinical experience

Level 3 – Family conference/expulsion from clinical experience

Course Assignments: Submit assignments to HFEC office **by 3pm** on due date.
Grading: Credit/No-credit

Due Date	Assignment	Description	Percentage
Winter Session 1: Spring Session 2: (POSTPONED)	Class Participation Clinical Intensive/Observation	Actively participates in own learning in classroom and clinical intensive. Turns in all assignments for clinical intensive within 1 week of completion.	40%
May 18	Science Project Presentation	In-class prep days May 8 - 22; student will select and complete a scientific research project and present at end of year celebration	20%
October 20 – May 25	Reading for Content Area/Health Career Skills Training/Career Readiness	Actively learn basic skills for health careers. Participate in the career readiness program offered by HFHS Human Resources. Upon completion, student will exhibit skills consistent with progression toward career readiness.	10%
All Year	Professional Conduct	Student exhibits responsible business environment behavior.	30%

Late Assignments: All assignments should be turned in on time, at the beginning of class. Assignments that are incomplete will be considered to be late. The first day an assignment is late, 15% will be deducted from the score, and the second day 30% will be deducted. After two days late, no credit will be given; however, assignment must still be completed and turned in.
