

Volumes

Day 1: Find the volume of each figure. Round your answers to the nearest hundredth, if necessary. Use the formula $V = Bh$ or $V = \pi r^2 \cdot h$

Day 2: Find the volume of each figure. Round your answers to the nearest hundredth, if necessary. Use the formula $V = Bh$ where B is the area of the base.

Day 3: Find the volume of each figure. Round your answers to the nearest hundredth, if necessary. Use the formula $V = \frac{1}{3} Bh$ or $V = \frac{1}{3} \pi r^2 \cdot h$

Day 4: Find the volume of each figure. Round your answers to the nearest hundredth, if necessary. Use the formula $V = \frac{1}{3} Bh$ where B = the area of the base.
