

Weekly Letter

Today's Date

Dear (who you are writing to),

Paragraph 1:

Give an overview of your week with a catchy introductory sentence.

Tell something you did in any 3 subjects (math, reading, writing, science) this week and **include something specific** about each one. Share how you are feeling about the school year so far.

Paragraph 2:

Tell in detail about one thing we did this week in school that you did not share in paragraph one.

For example: What was your favorite activity this week? Was art your favorite?

Was the book you choose to read or a story you wrote your favorite?

Choose one thing and write a whole detailed paragraph about it.

Paragraph 3:

Explain how you were a leader this week. What did you do to be successful?

How did you do on your spelling test? Did you study? What words did you miss?

Spell them correctly now.
