

5th Grade Spelling Week 14

**Multisyllabic words – oo**

**Explanation:**

The vowel digraphs appear in the same syllable.

**Word Bank:**

- |               |                           |
|---------------|---------------------------|
| 1. airproof   | 14. football              |
| 2. afternoon  | 15. moodiest              |
| 3. lagoon     | 16. caboose               |
| 4. fireproof  | 17. rookie                |
| 5. raccoon    | 18. snoozes               |
| 6. foolproof  | 19. woolly                |
| 7. hooligan   | 20. balloon               |
| 8. pontoon    | Content Words             |
| 9. proofread  | 21. commutative property  |
| 10. blooming  | 22. distributive property |
| 11. schooling | 23. associative property  |
| 12. doorknob  | 24. fluency               |
| 13. Flooded   | 25. strategy              |

**commutative property** - change the order of factors in a multiplication problem (any order) and still get the same answer

**distributive property** - the vertical algorithm, break the number apart by unit, then adding the partial products

**associative property** - group the factors differently in a multiplication problem and still get the same answer

**fluency** - the ability to perform mathematical problems accurately and quickly

**strategy** - a method used for problem solving
