

## **Instructional Services Physical Education & Health**

3/13/19

Dear Parent/Guardian:

The Dearborn Board of Education has established a program of instruction consistent with state requirements for students in grades 5, 7 and 9. This curriculum includes human growth and development and reproductive health. The primary goal of this program is to provide students with correct information about their sexuality using age-appropriate materials. During the process of designing these materials, a parent advisory group was formed to voice their concerns about the material and to suggest changes along the way.

According to Michigan Law, you have the right to review the materials being presented and may choose to excuse your child from participation in this program. If you do not want your child to participate in this program please sign and return the attached form by 4/15/19 to Ms. McCuaig or Mrs. Bennett.

Sincerely,

Ibrahim Mashhour  
Director, Student Services, PE & Athletics
