Honors Algebra 2

Round Table Review 13.4-13.6 – Writing Equations for Sine, Cosine and Tangent

**USE YOUR OWN PAPER** to do the following problems.  Then pass this paper to someone else in your group.
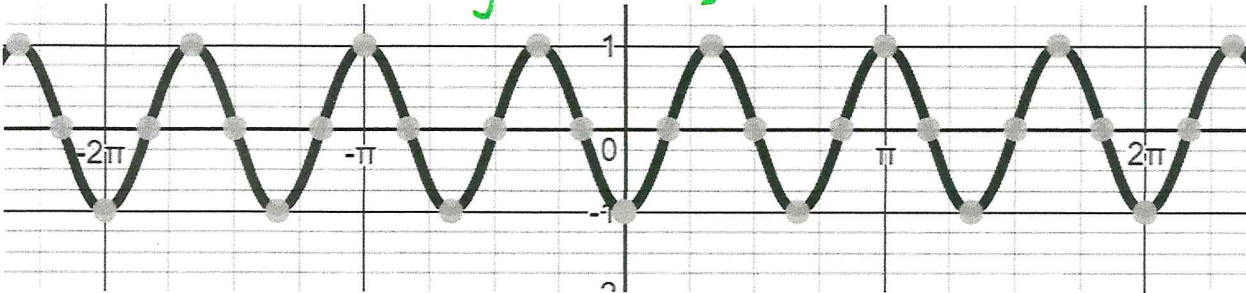

Write an equation for each function.

1.

$y = -3 \tan 2\theta$

2.

$y = -\cos 3\theta$

3.

$y = 3 \sin \frac{1}{3}\theta$
