We would have smores, talk about the solar system, read books, with flashlights and stay in pjs all day. ❑ If you have a tent it would be cool to set it up. If not making a blanket fort could be fun as well.

MATH

*Continue Eureka math lessons. Whatever is not finished you may work on anytime over the summer.

*Zearn math accounts are free and will be available all summer :)

ELA

*If you are out of writing prompts then just give you child a topic to write about or have them write a letter to someone.

*On epic I will assign books for the different social studies topics that they can listen to.

*Epic free trial ends June 30. School is looking into if we can get an account. More information will come on that.

*Raz kids will remain active all summer.

SCIENCE & SOCIAL STUDIES

*For Me on the Map unit see attached picture! They should complete some sort of circles with the information they learned. You can have them write the information, draw the information, or print and cut out the information. (At school I usually have pictures printed that we cut and paste. The students write the words "My _____")
