

The rectangle below has a perimeter of 54. Find the lengths of the unknown side. That is, find  $S$ .

7) The perimeter of a rectangle is 42 inches. If the width is 8, what is the length? Draw and label the sides of the rectangle.

8) The length of a rectangle is 5 more than the width. What are the dimensions of the rectangle if the perimeter is 34? Draw and label the sides of the rectangle

9) Solve for the variable for the given triangle.

Perimeter = 64
