Directions:

1. For each of the lit terms listed above find the definition, part of speech, and an original example. Most can be found in the glossary of your textbook. You may have to use the dictionary as well. **Put the definition in your own words.** In other words, show me that you understand what the terms means *rather* than just copying word for word from the dictionary.
2. Create a handbook with one lit term per page. **LEAVE ROOM ON THE PAGE, AS YOU WILL BE ADDING TO IT LATER.** This must be bound in some way.
3. Be creative, but accurate.
4. Turn this paper in with your project.
5. The rubric for this project can be found at the bottom of the page.
