

Outsiders Quilt Project

You will need to complete 2 squares on the quilt for each of the 12 chapters. On the front side there should be a visual that represents a major event or dialogue between characters. On the back side of each visual square, you will need to write a sentence or two, corresponding to/explaining your drawing.

This should be done as you are reading. Do not wait until the end of the book.

Pictures should be done to the best of your ability (I do not judge your artistic talents), no stick figures this time, please. They should be colored using pencils or crayons only. Markers will bleed through to the backside and mess up your writing space.

This project will be worth 50 summative points. Please attach the rubric to your "Quilt" before handing it in.
