#### Directions:

1. For each of the 12 lit terms listed above write the definition, part of speech, and an original example. Most can be found in the glossary of your textbook. You may have to use the dictionary as well. Put the definition in your own words. In other words, show me that you understand what the terms means *rather* than just copying word for word from the dictionary.
2. Create a handbook with one lit term per page. **USE ONLY THE TOP (OR BOTTOM) HALF OF THE PAGE, YOU NEED TO LEAVE ROOM ON THE PAGE, AS YOU WILL BE ADDING TO IT LATER.**
3. Be creative, but accurate.
4. Turn this paper in with your project.
5. The rubric for this project can be found at the bottom of the page.
