

# Community Service Projects

The students of Lindbergh have decided to do two community service projects. This helps out the community by us giving to those that are in need. We are sharpening our saw by helping our hearts. Please consider giving to one of our projects.

## 1. Dearborn Animal Shelter

The Dearborn Animal Shelter is located on Michigan Ave. behind the Police Station. They take care of many unwanted pets. Due to the amount of animals they need our help. The shelter is in need of many **new** items to help take care of the animals. Here is a list of a few needed items for dogs and cats. Cats need dry purina, dishes and cat clay litter- non clumping. Dogs need Nylon 6 ft. leashes, pedigree(food). Both cats and dogs need **new** fleece blankets, toys and treats. We are collecting until the end of February. Put the donations in the box by the Auditorium.

## 2. Ronald McDonald House

The Ronald McDonald House of Ann Arbor provides a “home away from home” for families of children experiencing a serious illness or injury required hospitalization in the Ann Arbor area.

The Ronald McDonald House needs pop tabs to turn in and they can recycle them for money. Please bring your pop tabs to school and put them in your classroom container. We are collecting until the end of May.
