frog

Name _____

Clip Art from Scrappin' Doodles

A frog changes many times
in its life.

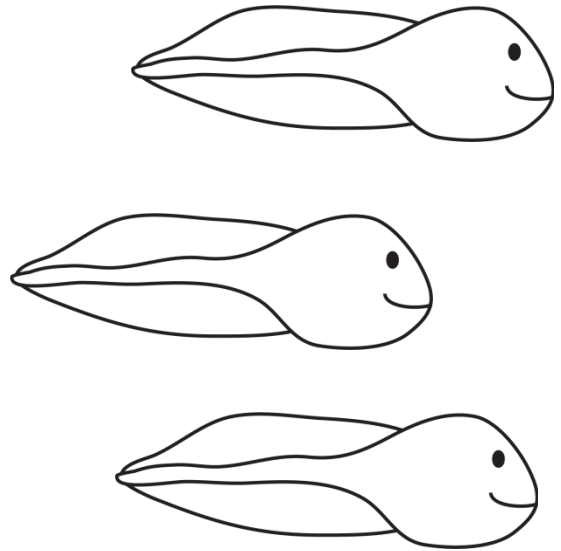

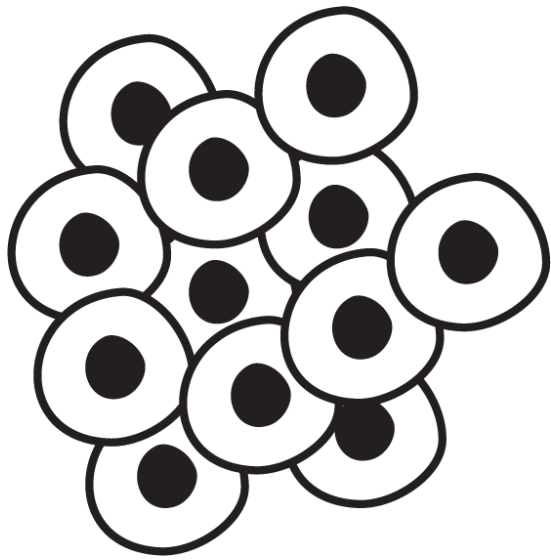

A frog changes many times
in its life.

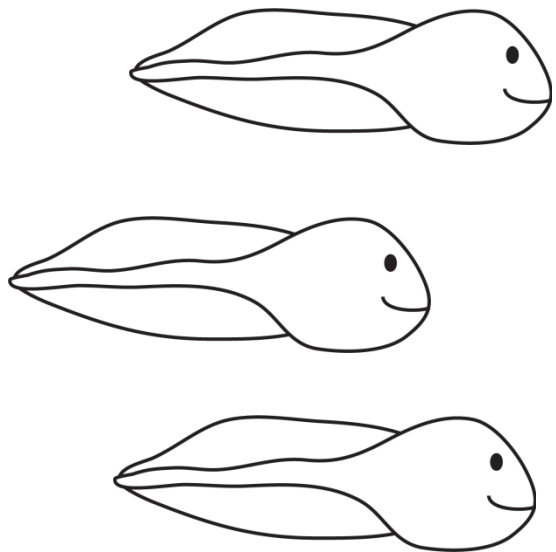

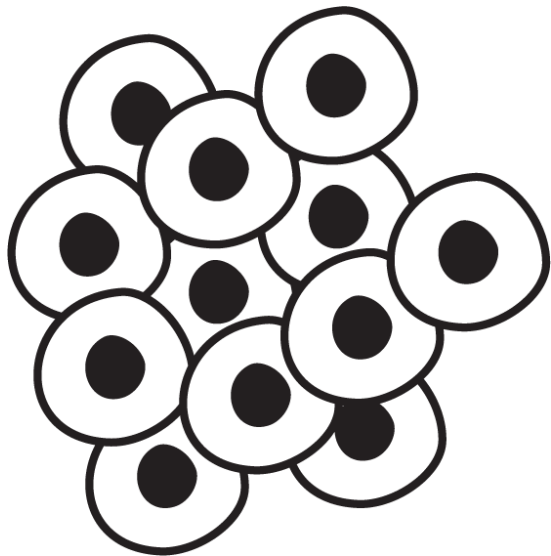

A frog lays eggs
in the water.

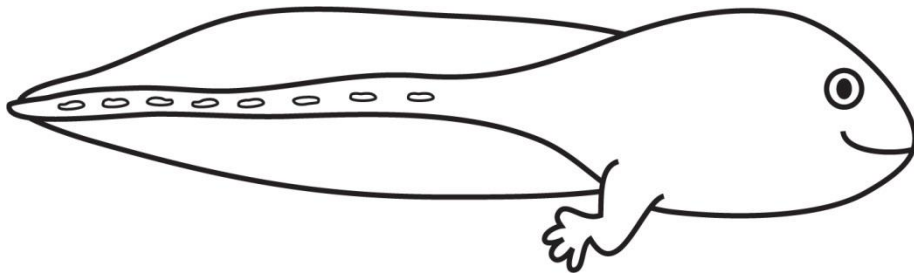

A frog lays eggs
in the water.

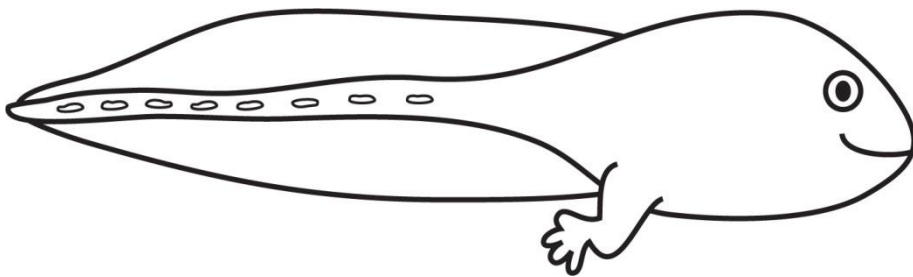

Tadpoles come out
of the eggs.

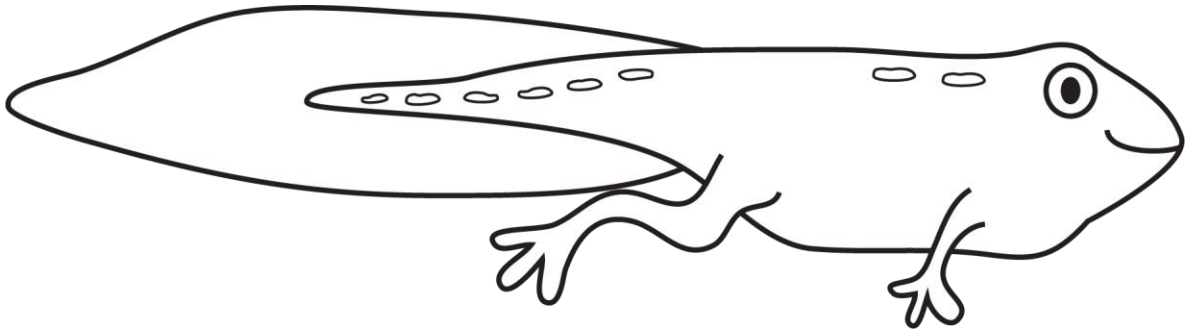

Tadpoles come out
of the eggs.

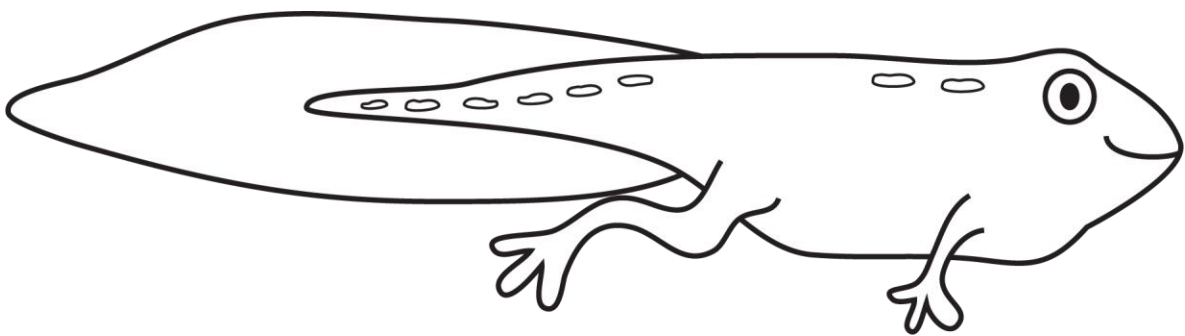

The tadpole grows two legs
in the back.

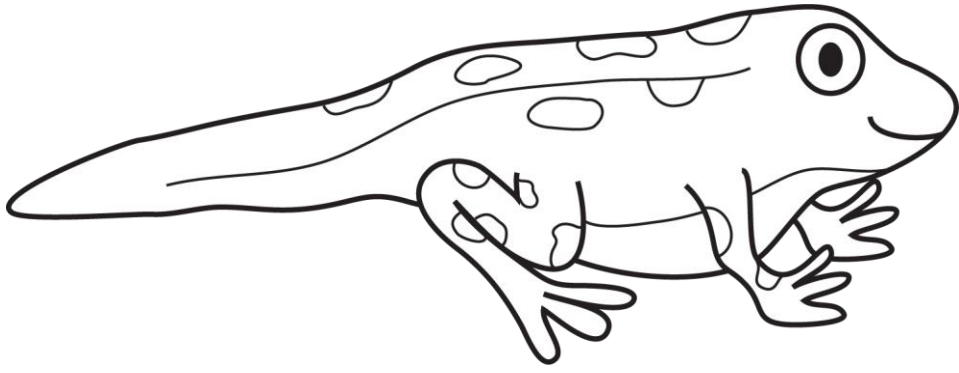

The tadpole grows two legs
in the back.

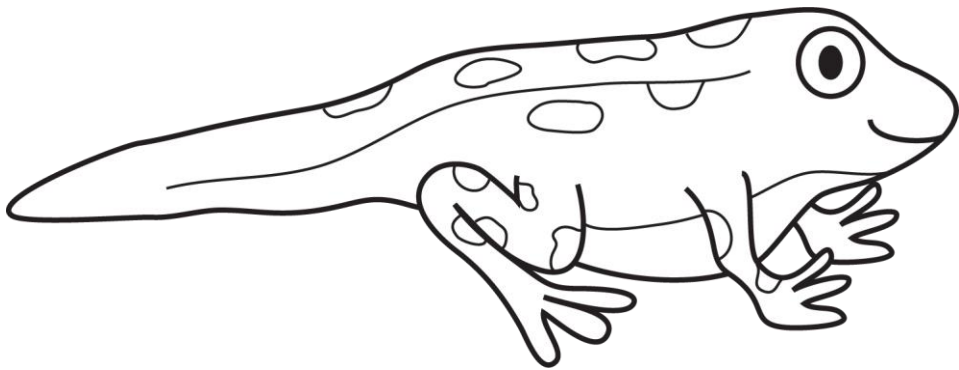

Then the tadpole grows
two new legs in the front.

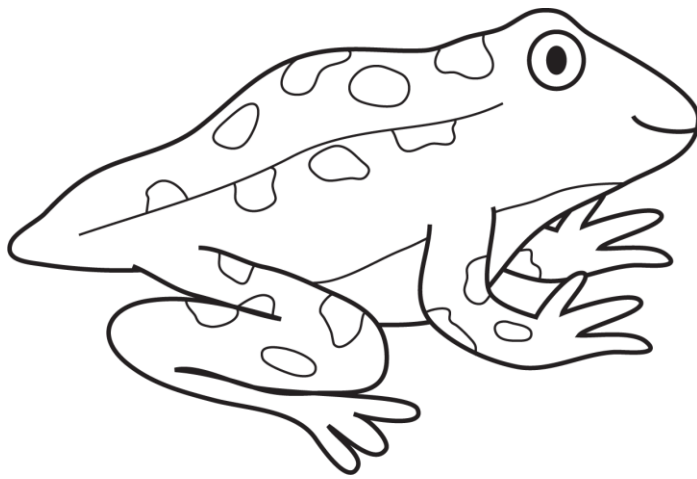

Then the tadpole grows
two new legs in the front.

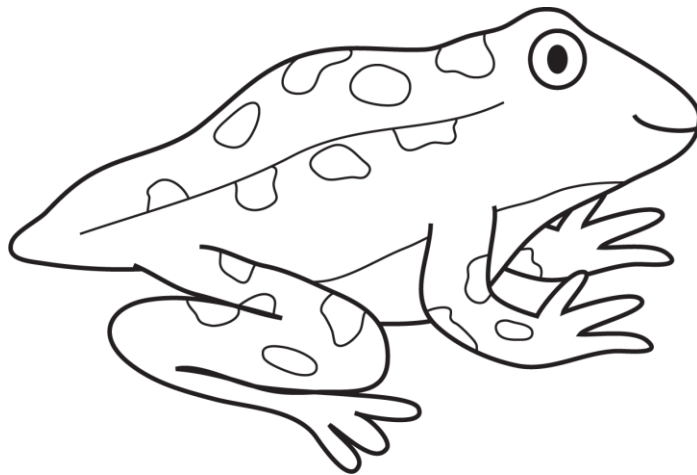

Now it is a froglet.
The froglet grows
and grows.

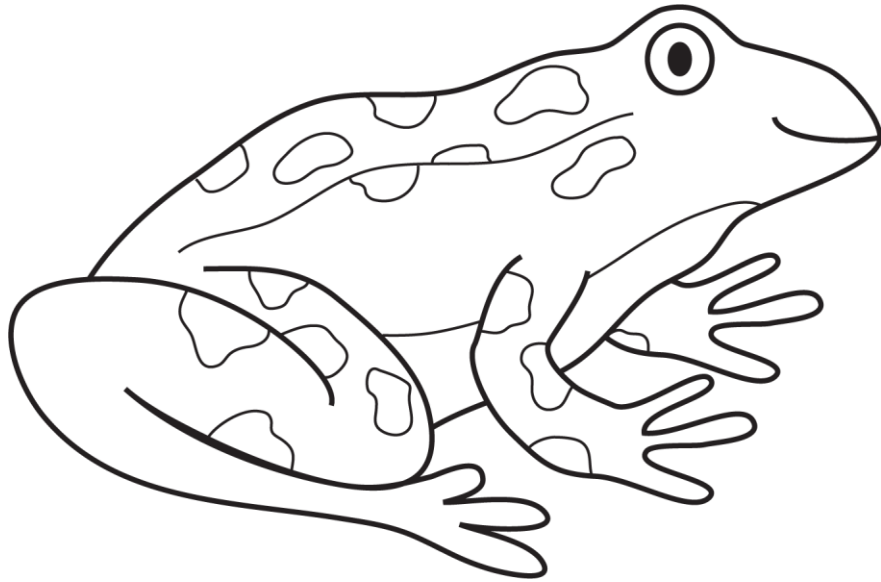

Now it is a froglet.
The froglet grows
and grows.

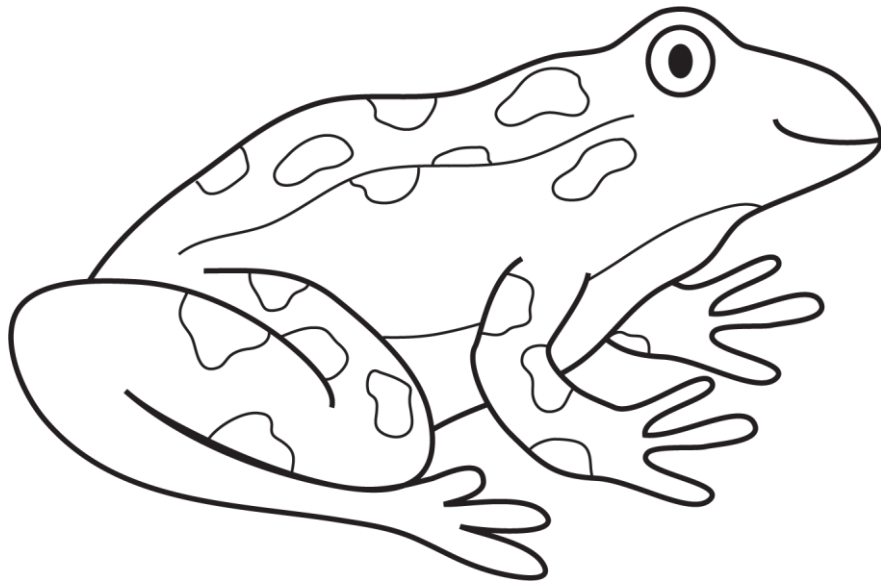

As the froglet grows,
its tail gets
smaller and smaller.

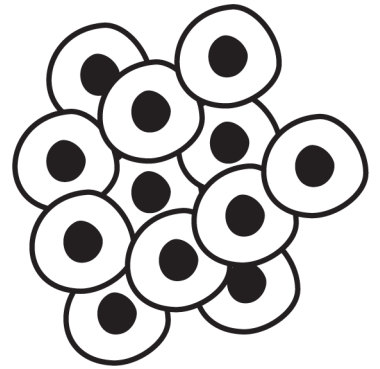

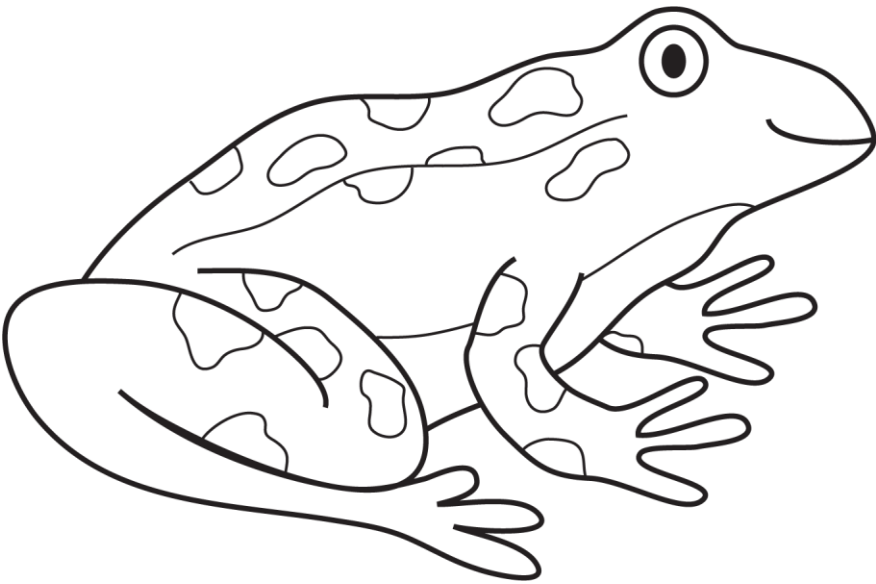

As the froglet grows,
its tail gets
smaller and smaller.

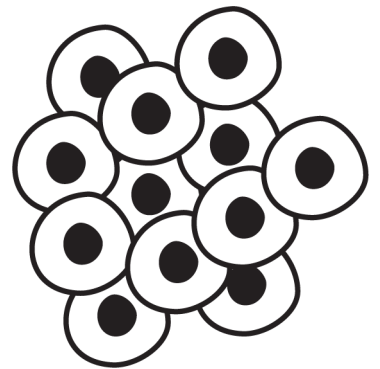

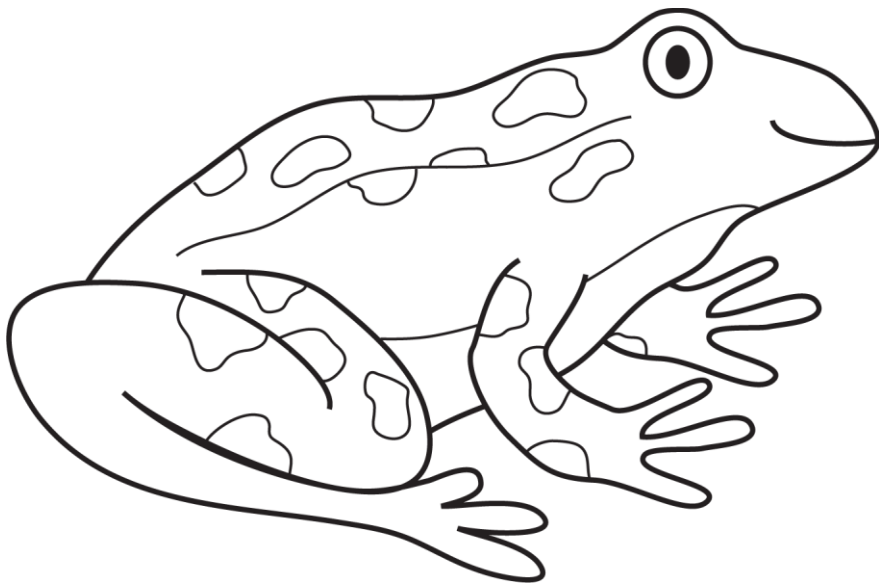

Soon its tail is gone,
so now it is a frog.

Soon its tail is gone,
so now it is a frog.

This frog can lay eggs to
start it all over again!

This frog can lay eggs to
start it all over again!
