

ADOPT AN ANIMAL

We need your help!

Thank you Maya O, Max & Taylor!

On behalf of Terri, Bindi, Robert and all the crew here at Australia Zoo thank you for becoming my adoptive parent!

I was born at Australia Zoo to my mum Poa on January 16, 2017; and I've recently celebrated my 2nd birthday! I always enjoy walking with the keepers around the Zoo, but don't like to venture too far from mum! When out on my walks I like meeting new people and exploring every nook and cranny of the Zoo.

Everyone here at Australia Zoo are always flat out like lizards drinking, caring for over 1,200 drop-dead gorgeous animals just like me, and your adoption will play an extremely important role in Australia Zoo's ongoing fight for wildlife conservation.

Your adoption assists with vital breeding programs, new enclosures, veterinary requirements, animal rehabilitation programs and even help with the general husbandry needs of all of us animals.

You will be my proud adoptive parent for the next 12 months. Along with this letter, you'll also find attached your personalised adoption certificate, a fact sheet about my species and a gorgeous photo of me!

You are also entitled to one free visit to Australia Zoo within 12 months of your animal adoption date. There is no need to book in ahead of time for this, just come on the day you'd like to visit and show the ID that matches your member profile.

As a thank you for your generosity, we would love to offer you an AU\$10.00 voucher to spend in our online retail shop. To use your voucher, please go to australiazoo.com.au and click on the 'Shop' link. Once you've grabbed your goodies, head to the checkout and use your unique voucher number to receive an AU\$10.00 discount on your purchase. Your unique voucher number is **AZAA105678**

Once again, thank you for your support and sharing in Australia Zoo's passion for wildlife conservation.

If you have any questions please contact the Australia Zoo Adopt team on 07 5436 2000 or email adopt@australiazoo.com.au.

Kind regards,

Jimmy – Common Wombat
