WHAT
2020 CENSUS
The U.S. will have a census in 2020.
The U.S. has a census every 10 years.

A census counts every person living in an area.
The 2020 Census will count every person in the U.S.

A U.S. government group does the census.

This group is called the Census Bureau.

The Census Bureau uses the census to gather information.
The information is about people in the U.S.
The U.S. government uses the information.

The information helps the government make decisions.

Some decisions are about money.
The government decides how much money to give to states.

States use the money to build

schools,

hospitals,

roads

and more.
How does the Census Bureau do a census ?
The Census Bureau sends census forms in March.
They send a form to every home in the U.S.
Each form has a list of questions.
The questions are about the people living in the home.
One question asks how many people live in the home.

Other questions ask for each person's

name,

birthday

and age.
Everyone must answer the questions for the census.

The census is a part of U.S. law.

People can answer the questions

by mail,

online

or by phone.

Workers from the Census Bureau may visit some homes.

The workers ask questions.

The workers count people living in the homes.

The U.S. will have a census in 2020.
2020

The census will count every person living in the U.S.

The census will count

you,

your family,

your friends,

your teachers

and more.

How many people do you think live in the U.S. ?
