

# Music & Sociology

Everyone loves music! In addition to being a major form of entertainment, music is also reflection of our society. It is a form in which individuals express themselves to others, and it acts as an agent for social commentary and socialization.

## HERE IS YOUR TASK:

1. Select a song that deals with an issue or sociological concept - Provide a link to play in class.
2. Print a copy of the lyrics for analysis and discussion.
3. Write a one-page explanation for the song.
  - Identify the message in the song.
  - Discuss how it relates to a sociological concept or issue.
  - Focus and analyze the lyrics in relation to sociology.
4. Be prepared to lead a class discussion on your song.
