Read all the directions and create a budget. After you have successfully completed the budget, on the summary page select: **View Or Save PDF**. Save the file as **Your First & Last Name & Hour - Budget**.

Example: AliMakki3rdBudget

- 1. Try to attach and upload your file to me on iLearn, if you cannot**
- 2. Print** your entire budget out and submit it to me on Monday. I will not let you print in class or go to the library. If you do not have it ready for me when I collect the assignment, it will be considered late and receive a **50% DEDUCTION**. Any submissions that do not have a balanced budget will receive a 3 point deduction, but can receive an additional point if a one paragraph explanation is written stating why you were unable to balance the deficit.

Part II - 10 Summative Points

Using the budget you prepared, list and explain **10** of your most difficult budget decisions. **Each item** listed needs to have an **explanation** why it was a difficult decision for you to make. You may type or write out your items with their explanations. Sloppy writing will receive a deduction.

Attempt to upload your file on iLearn or attach this summary to your budget and submit it to me on Monday.

If all else fails, e-mail me your budget and summary at:
