

Sociological Perspective:

[Name of analogy used]
has the following characteristics

An example of each characteristic
applied to society might be:

“Thinking about the work you’ve done in terms of your analogy”:

- a. Who are the main winners in the type of society you’ve described?
- b. How do these people try to maintain their privileged position?
- c. Who are the main losers in the type of society you’ve described?
- d. How do these people try to change their underprivileged position?
