

MIRCO ECONOMICS

MIRO MICROFNKDEJFEFDENNNE

Test date and time

Exam Date: May 20

- Hawaii Time: 10 a.m.
- Alaska Time: 12 p.m.
- Pacific Time: 1 p.m.
- Mountain Time: 2 p.m.
- Central Time: 3 p.m.
- Eastern Time: 4 p.m.
- [See more time zones](#)

Exam timing

Students will have 25 minutes to read and respond to Question 1, and then 5 minutes to upload their response. After uploading the response to Question 1, students will have 15 minutes to respond to Question 2, with 5 additional minutes to upload their response to Question 2. Once their response to Question 1 has been submitted, they cannot go back to it.

Question description

Question 1 draws on the same skills assessed on traditional AP Exams, with the exception that students will not be expected to submit graphs on the 2020 exam. The content of the exam is restricted to what is covered in Units 1–5 of the course; Unit 6 will not be assessed on this year's exam.

MIRCO ECONOMICS

Question 2 draws on the same skills assessed on traditional AP Exams, with the exception that students will not be expected to submit graphs on the 2020 exam. The content of the exam is restricted to what is covered in Units 1–5 of the course; Unit 6 will not be assessed on this year’s exam.

Corresponding free-response question (FRQ) type in the course and exam description binder

Question 1 is equivalent to a combination of 2 short questions like FRQ 2 and FRQ 3.

FRQ 1

Units eligible for 2020 exam

Units 1–5

Units not included in 2020 exam

Unit 6

Other course-specific info

- While students will not need to submit graphs on the 2020 exam, we encourage students to have scrap paper available, as sketching out a graph may be helpful in answering the questions.
- As on the traditional exam, questions on the 2020 AP Microeconomics Exam are designed such that required calculations can be done with a pencil and paper, with no calculator required. However, unlike the traditional exam, use of a simple (“four-function”) calculator, either physical or digital, is allowed. Such calculators are freely available as apps for computers and phones (i.e. most or all internet-connected devices), and can be installed beforehand for use on the exam. Keep in mind that students are required to show their work in answering calculation problems.
