

Topic/Objective: 8th GRADE:
Nature of Science
Assessment

Name:

Class/Period:

Date: 10/6/15

Essential Question:

Questions:

Notes:

Measurement - SI units for Science
Meter - Length
Square Centimeter - Area
Liter - Volume
Kilogram - Mass
Newton - Weight
Grams per Cubic Centimeter - Density
Second - Time
Kelvin - Temperature

Experiment Variables -
Define:

Control
Independent Variable
Hypothesis
Experiment
Constant
Dependent Variable

Earth Science - Areas
Define:

Meteorology Hydrosphere
S.I. Hypothesis
Technology Geology
Astronomy

Nature of Science - Assessment 10/16/15

Questions:

Notes:

Earth's Systems - Define ALL 4

1. Hydrosphere

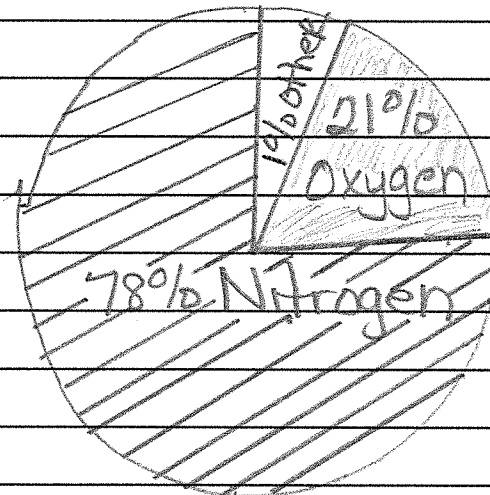

2. Biosphere

3. Geosphere

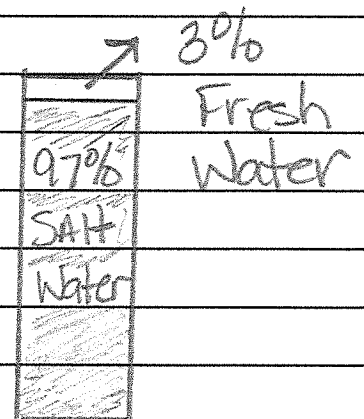

4. Atmosphere

★ Dependent
on Each
★ other -
Not Independent
≡

Earth's Atmospheric Gases -

Earth's Water -

Summary:
