

GRADING POLICY-

20% of a student's grade is based upon participation and progress. Students will earn points for contributing to class discussions, fully participating in class activities, and completing assigned tasks. We will operate with a growth mindset, where a student's progress is the primary focus. 80% of a student's grade is based upon performance. Students will earn points for writing assignments, quizzes, tests, projects, and presentations.

Please keep in mind, I don't give grades, you EARN them.
