WHaG

European Population: 1200-1600

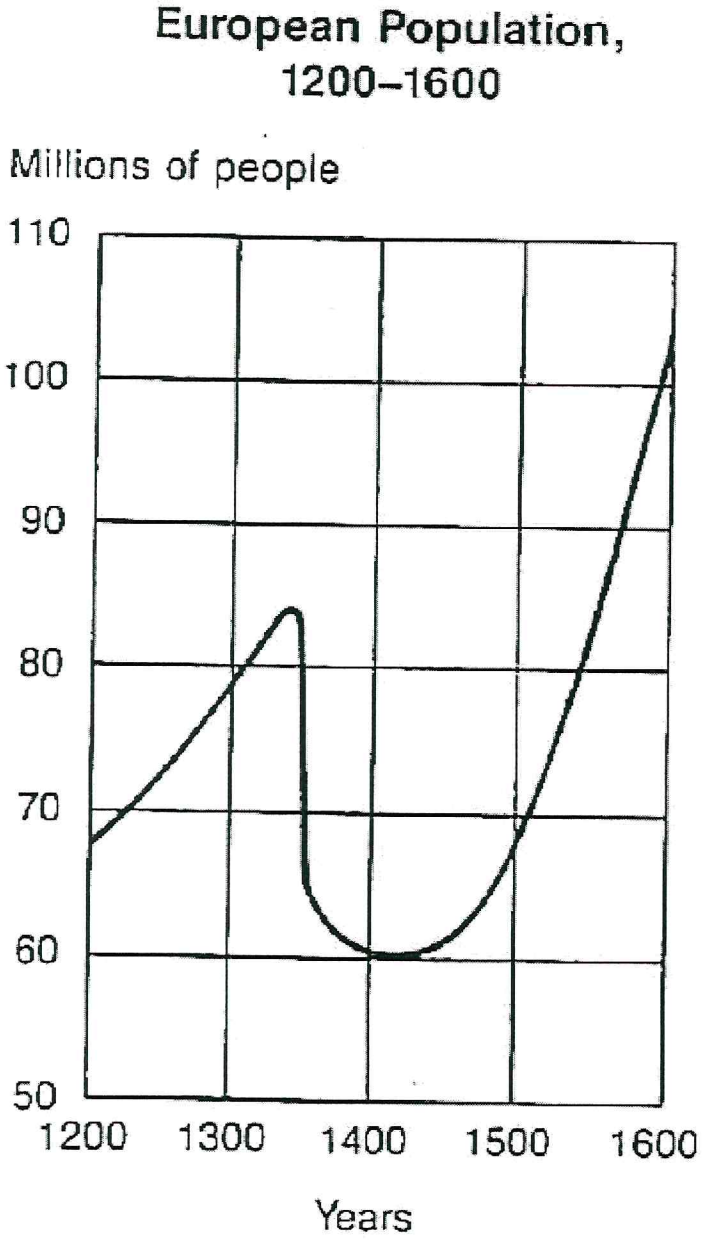
Name:

Use the graph to answer the following questions.

1. What was the population of Europe at its **highest** point prior to the Black Death in the mid-1300s?

2. What was the population of Europe at its **lowest** point in the mid-1300s?

3. How much did the population drop (in millions) due to the Black Death in the mid-1300s?

4. By what percent (%) did the population drop due to the Black Death in the mid-1300s?


5. Europe's population reached 100 million just prior to 1600 CE. Using the graph, estimate when Europe's population would have reached 100 million, if the Plague had **not** occurred.
