3rd Grade: Unit 1 Pre-Test
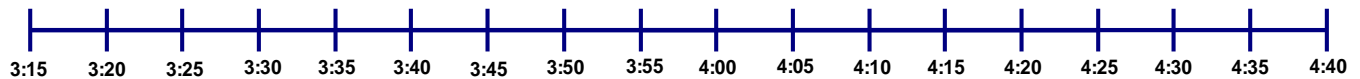

Cory leaves home to go to soccer practice at 3:20 and returns at 4:35. How long
has Cory been gone?   3.MD.1

(Use the number line to show your thinking.)

| | | | | | | | | | | | | | | | | | | |
3:15   3:20   3:25   3:30   3:35   3:40   3:45   3:50   3:55   4:00   4:05   4:10   4:15   4:20   4:25   4:30   4:35   4:40

1)   80 minutes   Yes   No

2)   1 hour 15 minutes   Yes   No

3)   1 hours 20 minutes   Yes   No

4)   On the clock below, draw the minute hand and the hour hand to show 8:35.

3.MD.1

5)   What time will it be 15 minutes later? _____

Mariam and her friends had a contest on who would read the most books in a month. The table below shows their results: 3.MD.3

Girls	Number of books read
Mariam	9
Tonya	6
Kelly	3
Susie	12

6)   Create a bar graph for the data above. Write the interval used for the bar graph along with a title to represent the y-axis.

Books Read in May

Mariam	**Tonya**	**Kelly**	**Susie**

Let ☐ = 3 books

7) How many girls read more than 5 books but fewer than 15 books? _____

8) How many more books did Susie read than Kelly? _____

Ali asked some classmates what they ate for breakfast.
The table below shows their response.   3.MD.3

Breakfast	Number of classmates
Cereal	8
Bagels	4
Donuts	6
Eggs	3

9)   How many more classmates ate donuts than bagels? _____

10)   How many fewer classmates ate eggs than cereal? _____
