

Owen Retell

I will remember how to **retell** a story by choosing the most **important events** from the **beginning, middle, and end** of the story.

Here are two events from the **beginning** of the story. Which one is more important? In other words, which event is necessary to help tell the story?

A.

Owen takes Fuzzy everywhere he goes.

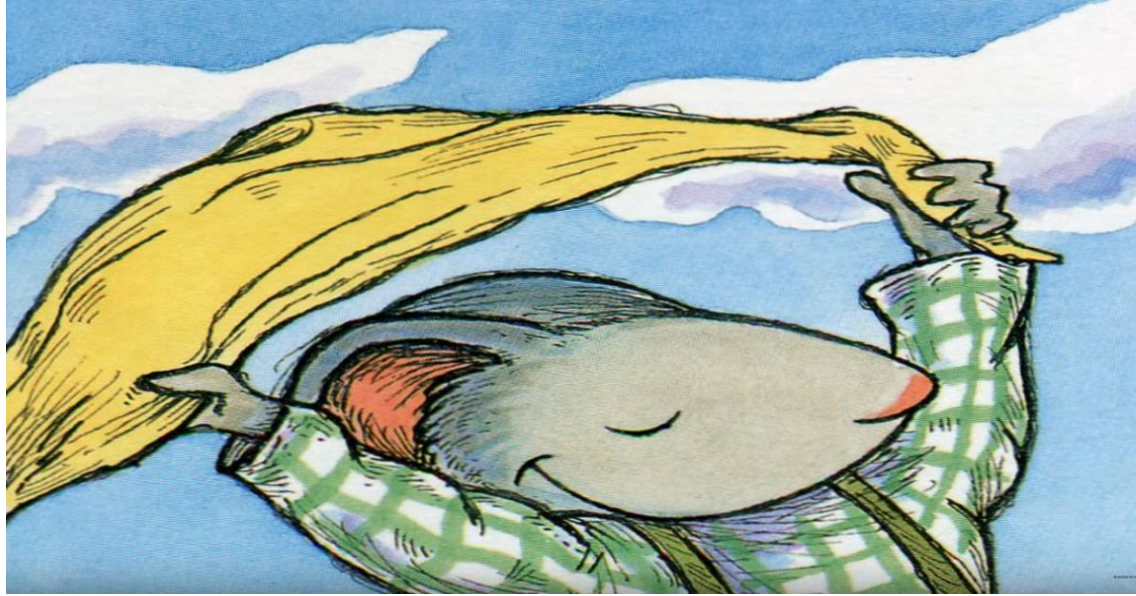

B.

Sometimes Fuzzy gets pretty messy.

Here are two events from the **middle** of the story. Which one is more important? In other words, which event is necessary to help tell the story?

A.

Fuzzy wasn't Fuzzy anymore.

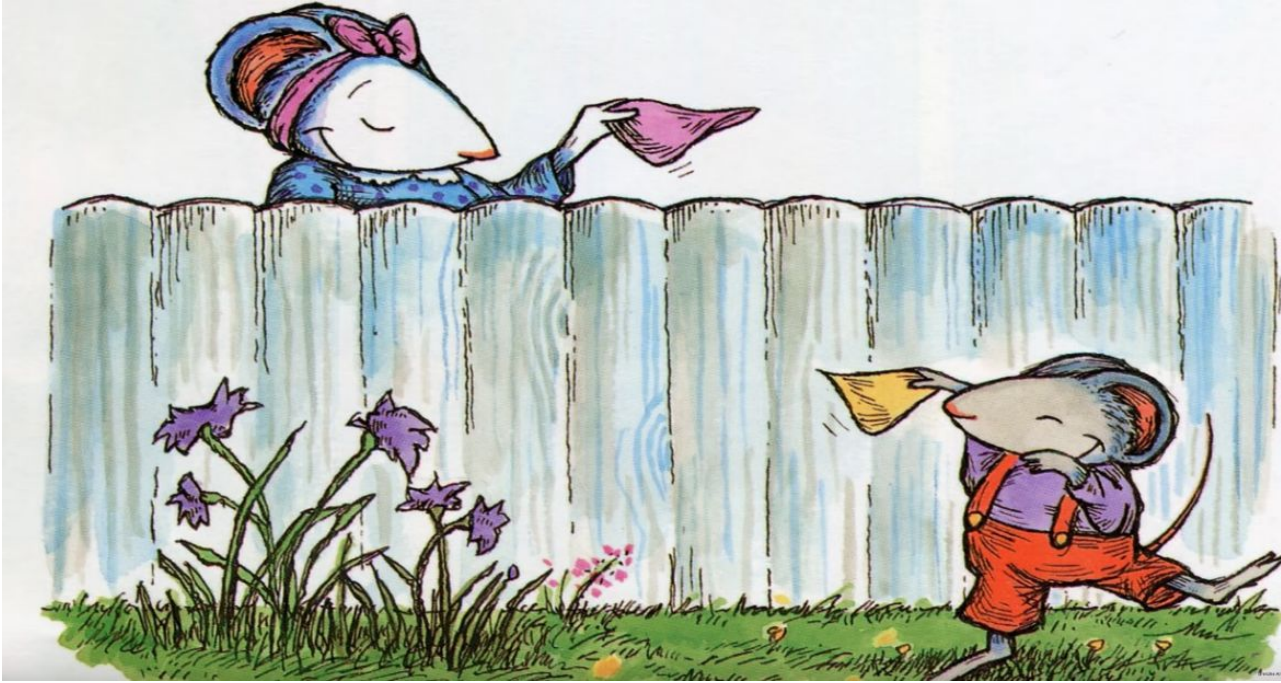

B.

Owen's mother and father tell Owen that he can't take Fuzzy to school.

Here are two events from the **end** of the story. Which one is more important? In other words, which event is necessary to help tell the story?

A.

Ms. Tweezers has a handkerchief too.

B.

Owen's mother turns Fuzzy into a handkerchief so Owen can take Fuzzy everywhere he goes.
