Character Chain—A character chain is created by using words to describe a character that connect by each new word beginning with the last letter of the previous word. You may need to use synonyms for some of the attributes/traits. You may include both positive and negative traits, but they need to make sense for the character based on his actions in the play thus far. Do not repeat words. Be sure to spell correctly. A misspelled word can ruin the entire chain!

Sample: <u>Fruit</u>

Banana
Apricot
Tangerine
Elderberry

Continue the chains started below by using the information on the front of this sheet for Acts I-III-Character traits. You must have a minimum of <u>five of your</u> <u>OWN words</u>, but will earn extra points for longer chains!
