Yes! Spring is finally here! The weather is getting warmer and the sun is shining more often. It can be hard to get our readers and writers engaged. However, when you are negotiating with your children, think about this: they are home for 6 hours a night. They can spare that 30 minutes for reading and writing. It makes all the difference in future success.

We are also reading a great deal of research about cell phones, tablets and computer use. These devices must be limited.

Kids learn from outdoor active play, playing with other kids and using their imaginations. Allow kids to grow and explore. Electronics should have a time limit unless used for an academic purpose. Have a great spring!

Bikes for Books!

A child's successful education is the cornerstone of a fulfilling life. For that to happen an ability to read is vital. To help in this effort **Dearborn Lodge #172 in partnership with the Michigan Mason Charitable Foundation is providing the "Bikes for Books" program to first through fifth graders at all Dearborn Public Elementary Schools.** "Bikes for Books" is a reading incentive program in which students will have an

opportunity to be awarded a bike based on their reading achievement. This program is showing great results and is the fastest growing program that the Michigan Masons provide to their communities.

On Friday, April 20th, we hosted our 4th annual Diversity Day at Salina Intermediate. We celebrated the richness and beauty of various cultures around the world. This celebration begins in our Social Studies classes. Students study religion in 7th grade and countries in 6th. This event was born out of a culminating activity for our units of study, so it has a strong

welcomed to join in the celebration of diversity, and recognition that there is beauty to be found in all cultures. Students and staff dress in traditional cultural clothes that school day then attend the event after school. It has become a proud tradition at Salina Intermediate.
