Student Code of Conduct

The Summer Discovery Program is only 5 weeks and includes an abbreviated daily schedule. Students involved in this program should maximize the summer learning opportunities that they are privileged to experience. In order to do so, students must adhere to the Core Values at ALL times, this is a non-negotiable. During our summer program, we do not have any support staff available to assist with excessive disciplinary issues and poor choices that disrupt learning or harm other students. These behaviors will not be tolerated. Students are expected to demonstrate safe choices, responsible behavior, and respect with regards to themselves, staff, and other students. Students struggling to demonstrate Core Values will be sent home for the day. We have an exciting and packed schedule throughout the summer and consequences will include the possibility of missing out on special events and activities. Please discuss with your child what honesty, respect, integrity, citizenship, and responsibility look like at all times, throughout the building, with adults and peers. We will be sending home a Behavior Contract for you to review with your child on the 1st day of Summer Discovery. We want this to be a safe, fun, and meaningful experience for all students! We appreciate your support and cooperation.
