

## Summer Learning Summative Rubric

The students will be expected to read 3-5 books over the course of the summer. They will then choose one of the books they read to present to the class. The following are the requirements for the book talk presentation. Students will be expected to give this presentation when they return to school in the fall. They will be required to make a bookmark out of plain cardstock sized 2X8- 2X10 inches. One side should be filled with a hand drawn picture with title and author. The other side should have a list of the 3+ books read from the list and a recommendation about the book on the other side. See the examples on the blog.
