

First Grade Service Project

As part of our social studies curriculum, we learn about the difference between needs and wants. In order for first graders to really feel like a part of the community, we need your help. We would like for each first grader to use their own money to purchase one or two "needs" from the list attached. These items will be donated to the Dearborn Animal Shelter by the Howard STAND students. *Please bring in items no later than Wednesday, April 17th.* Thanks so much for caring and sharing.
