## All about Us and Math

Arms

Artichokes

M. My name is Matthew. I'm as tall as 98 <u>m</u>arshmallows, I weigh 33 <u>m</u>ath books, and my family has 4 <u>m</u>ouths.

My marshmallows are 1/2 inch tall.

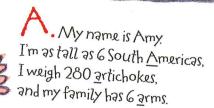

How tall am I?

 $98 \times 1/2 = 49$  inches

My math book weighs 2 pounds. How much do I weigh?

 $33 \times 2 = 66$  pounds

Each person in my family has one mouth. How many people are in my family?  $4 \div 1 = 4$  people

On our class globe, South America is 8 inches tall. How tall am I?

 $6 \times 8 = 48$  inches

My artichoke weighs 1/4 pound. How much do I weigh?  $280 \times 1/4 = 70$  pounds

Each person in my family has 2 arms. How many people are in my family?  $6 \div 2 = 3$  people
