Year Sweden

Do you hate the Dutch?
Well we trespassed on their
preserves with an avenue colony
on the Delaware River.

In our golden age, we are led by our precious leader, King
Gustavus Adolphus. Our King carries the torch for Protestantism
and even across the globe, we follow him. Sweden is so energetic
that we are lucky enough to enter the costly colonial game over
here in America. // Don't worry though, our colony is slowly
fading away, leaving a mixture of Swedish blood behind along
with some Swedish place names and fog cabins.

So come on down and enjoy New Sweden
while it lasts.
