

TALE TOWN'S DETECTIVE AGENCY HEADQUARTERS

Detective, your phone is ringing, answer it . . .

Easter Bunny

"ARGH!!! EGG MONSTERS! Detective, this is a disaster!"

Confused, you ask the Easter Bunny to slow down and explain what the problem is more clearly.

"Before I start, please know that it's not my fault. I didn't forget to deliver Easter eggs to you last night. If you're wondering why your basket is empty, you probably assumed that I didn't bring any eggs or that someone stole them. Both are the most logical explanations. However this time it's neither. Someone has caused the Easter eggs to turn into these horrible egg monsters during the night. So the regular chocolate eggs, which I thought, I delivered, grew legs, arms, and a menacing personality. These egg monsters are causing quite the stir all over Tale Town. If you look out of your window, you'll probably see a group of them roaming the streets. They are sucking the sugar out of everything and throwing jellybeans at the citizens. If anyone tries to stop them, they will bite! Detective, I don't know what to do. Who do you think could be behind this Eggpocalypse? How do we stop this? Please say you will help me with this disaster!"

Easter Bunny

You peer out your office window to see a bunch of egg monsters across the street sucking the sugar out of all the items on Hansel's gingerbread house. Nearby, you notice that there is another group of egg monsters laughing as they throw jellybeans at all of the confused citizens running past. You know what you must do, everyone will be counting on you to be the hero in this mess. You promise the Easter Bunny that you will meet him at Nivens McTwisp's burrow within the hour.

Easter Bunny

"Thank you, detective, I appreciate it. Be cautious when near the egg monsters; if they bite you, you will turn into an egg monster too. It's sadly already happened to my dear friends Peter Rabbit and Helen the Hen. Hopefully, if we can end this Eggpocalypse, my friends and anyone transformed by this crisis, will be restored to their regular selves."

On the following pages, you will be visiting locations to discover clues. As you complete each page, go over your possible suspect's list to see if any information discovered eliminates a character from being responsible for the Eggpocalypse!

Solve the clues and then cross the suspects off the list until only one character remains! The last suspect remaining is responsible for the Eggpocalypse!

1. VISIT LOCATION: Niven's Burrow

You run fast towards the burrow as a group of egg monsters chase you, throwing jellybeans. Luckily, as you go down the burrow, the egg monsters stay at the top.

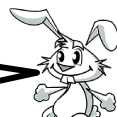

Nivens McTwisp

"Those wretched egg monsters! The jellybeans they are throwing are not even sweet; they taste like broccoli and cheese. I'd be much happier if they threw some nice tasting ones. I think I know someone who might be able to help us figure out what happened, but we will have to take a detour along the way."

"Wait! Before we leave, the detective might want to inspect my Easter delivery basket for clues. It's important that we find out who is responsible for this Eggpocalypse because I certainly don't want to be the one everyone blames."

Easter Bunny

You inspect the Easter Bunny's basket for clues. You notice the following:

- Stray rabbit hairs
- Leftover carrot tops
- A small hole on the left side of the basket

Nivens McTwisp

"Sorry, detective, but we must go further down my burrow now! We have no time to waste, and my friend won't help us if we are late."

Using his giant rabbit feet, Nivens pushes you further down the rabbit hole . . . All the way to Wonderland you go!
