

School is a Little Different this Year

Some of the teachers
and students have
face masks or shields
on.

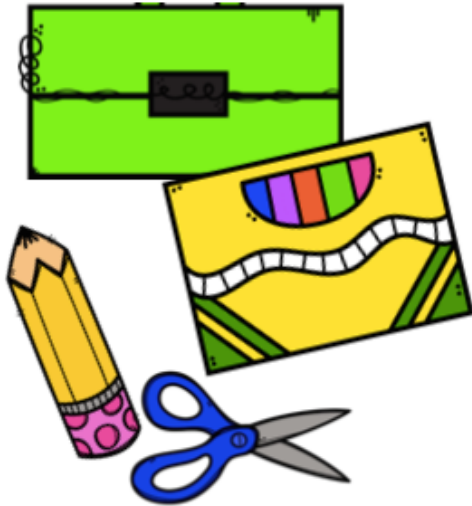

Even though they have
a mask on, they still
care about me, smile at
me, help me, read to
me, draw with me, play
with me, listen to me,
teach me, and love me.

My family may not be
able to come into the
school to drop me off
or pick me up.

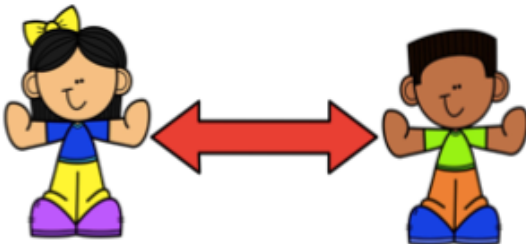

I also have my own supplies that are just for me.

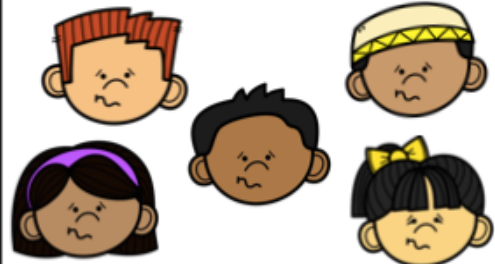

We wash our hands and clean a lot to keep our hands and school clean.

When we play, we have to be at a safe distance from our friends.

Sometimes I feel nervous or worried because it is a little different this year and that's ok.

I can tell my teacher and she can help me feel better.

Even though school is different, I can still have fun and learn new things!
