

Looking for ways to help your child learn and grow? Great Start can help!

Help Me Grow Michigan

Go online and complete a questionnaire.

It's **FREE**, do it **TODAY!**

Understanding your child's growth and development in the early years is very important. Completing an Ages and Stages Questionnaire (ASQ) can help answer questions about how your child is learning and growing.

Parents with children between the ages of 1 month and 5½ years of age living in Wayne County can take 10 minutes to answer questions and receive results from Ms Cristina. Parents and caregivers can expect to receive learning activities to help your child grow and connections to Wayne County resources as needed.

Visit <https://www.asqonline.com/family/fcf237> to take the online screening now.

Snow All Day Preschool is taking part in a county wide project through Great Start Collaborative-Wayne called Help Me Grow, to ensure that children are on track with their learning and development and to provide extra activities and services that can help them excel! Participation in Help Me Grow is voluntary and at no cost to you. Snow All Day Preschool is asking our parents to participate and ensure your child's on track development. It only takes about 10 minutes and you will receive activities and links to community resources to help your child grow and learn! It is important to note that your child's specific information will not be made available to the general public. Help Me Grow and the Great Start Collaborative-Wayne both take special care to ensure the safety of your personal information (email, address, etc.) will only be used for the Help Me Grow initiative.

The more you know about your child's growth and learning today, the more you can support their future success!
