

Section 15.1 An Overview of Oceans (continued)

(Main Idea)

(Details)

Create a timeline showing the advances in methods used to study Earth's oceans. Your timeline should include specific vessels, technology used, and type of data gathered.

Modern Oceanography

Use with pages 406–407.

Origin of the Oceans

Use with pages 408–409.

Analyze the origins of Earth's oceans.
