

● After You Read

Mini Glossary

basin: low area on Earth in which an ocean formed

salinity: a measure of the amount of salts dissolved in seawater

1. Review the terms and their definitions in the Mini Glossary. Choose one word and write a sentence to explain the meaning in your own words.

2. Use the chart to describe how a solar desalination plant works.

Solar Desalination

3. Choose one of the question headings in the Read to Learn section. Write the question in the box. Then answer it in your own words.

Write your question here.
