

Social Studies Homework Assignment:  
Create a Neighborhood Map

DUE: Friday, December 14, 2018

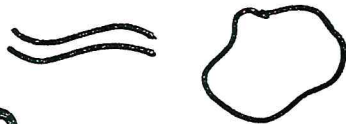

We have been learning about communities and maps. Now it's your turn to try making your own! Your task is to create a neighborhood map. Please sketch your map in pencil first. Use rulers to draw straight lines and be very neat! Color your map with whatever you wish.

You must include:

☐ At least 4 roads

☐ 1 river or lake

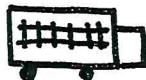

☐ 1 park

☐ 1 hospital

☐ 1 fire station

☐ 1 airport

☐ 1 railroad or bridge

☐ 1 school

☐ At least 10 houses

☐ At least 5 trees

☐ 1 restaurant

☐ 1 store

Feel free to create your own symbols for your map, or you are welcome to use the ones given as examples. Don't forget to include a MAP KEY. Be creative! Add names to your houses, stores, or parks if you wish. You must label your streets.
