

Aligned with Eureka Math  
Kindergarten Module 1

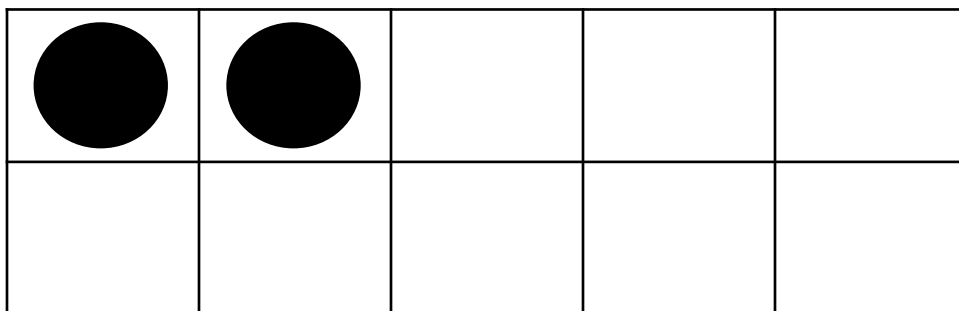

By: Ali Rios

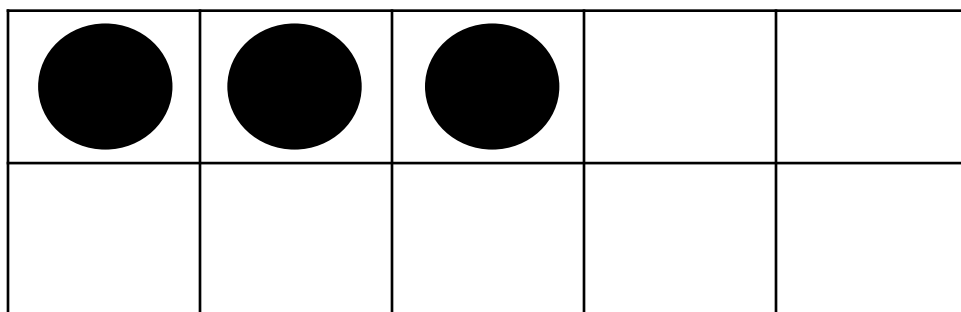

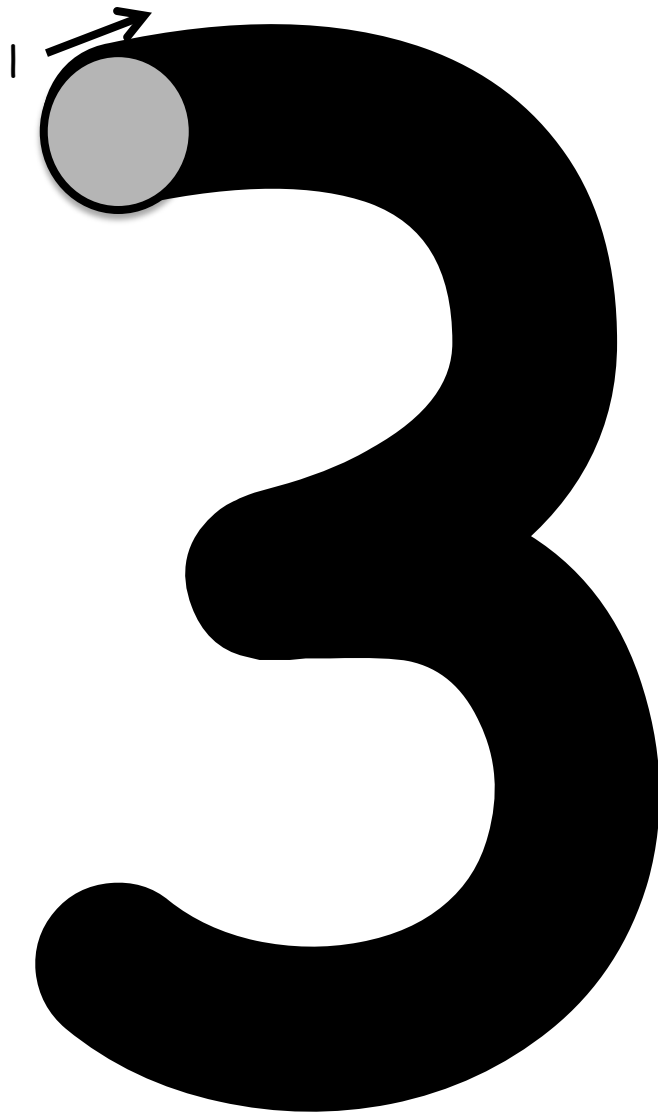

Curve from the top; be a hero!  
Close the loop and make a **zero**.

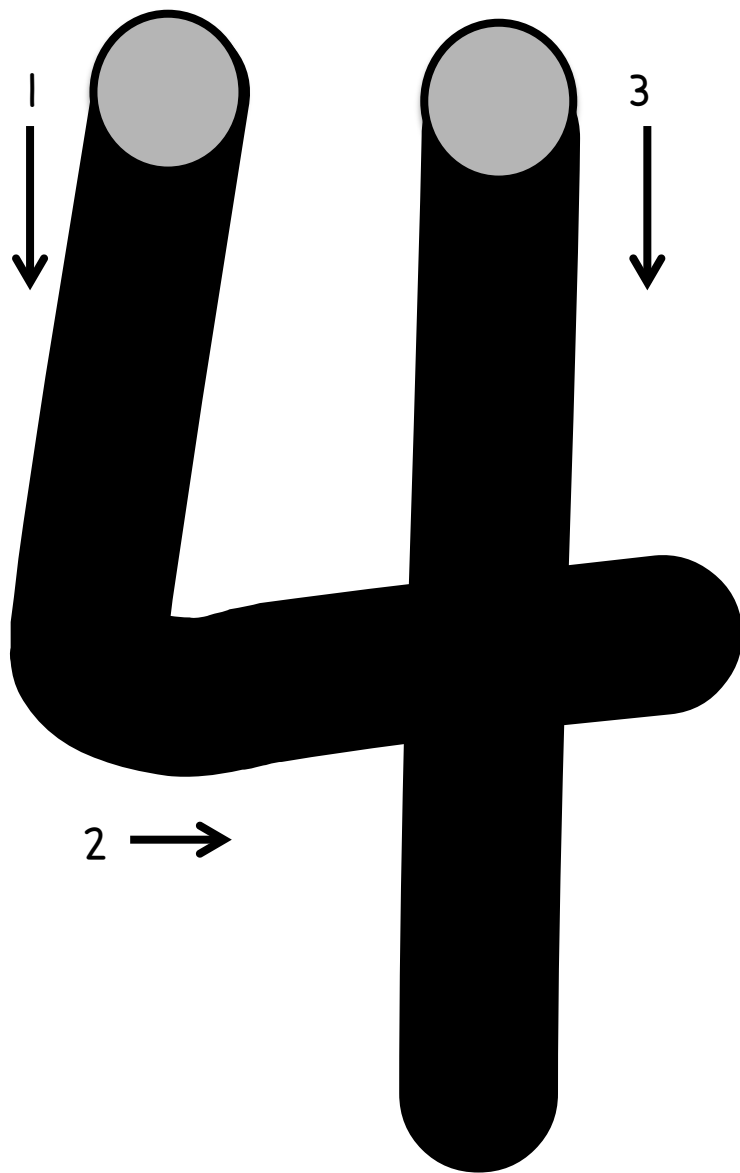

Top to bottom, then you're done.  
And that's how you make a **one**.

Half a moon, there's more to do.  
Slide to the right, now that's a **two**.

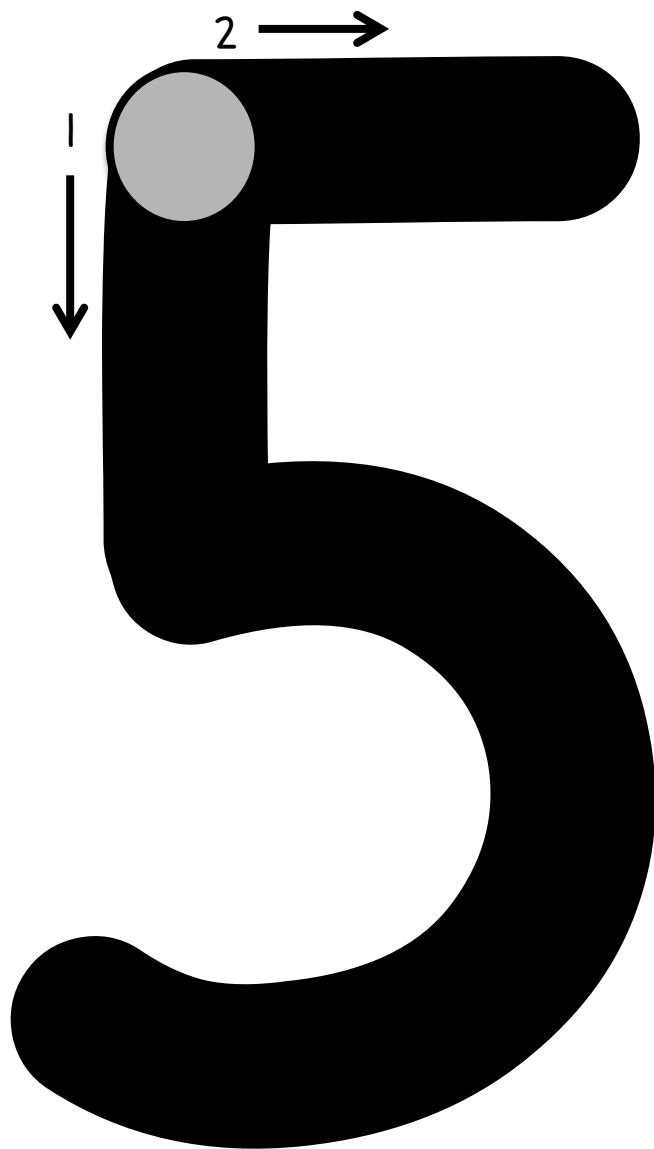

Backwards c, backwards c,  
And that's how you make a **three**.

●	●	●	●	

Trace down the side,  
cross the middle for fun.  
Top to bottom, and you are done!

●	●	●	●	●

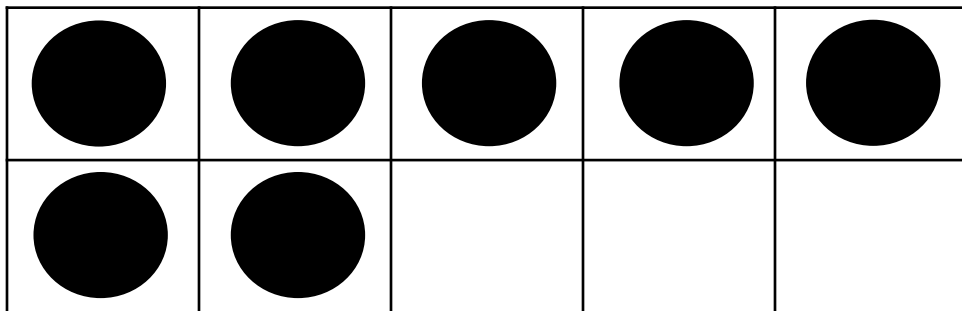

Trace down the side, curve like that.  
Back to the dot, and give it a hat.

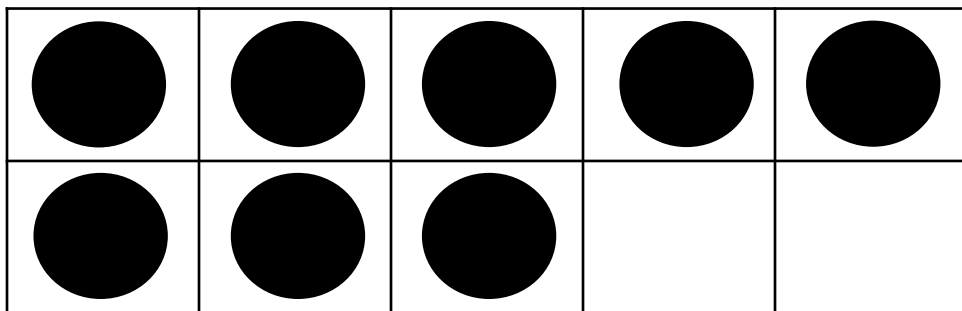

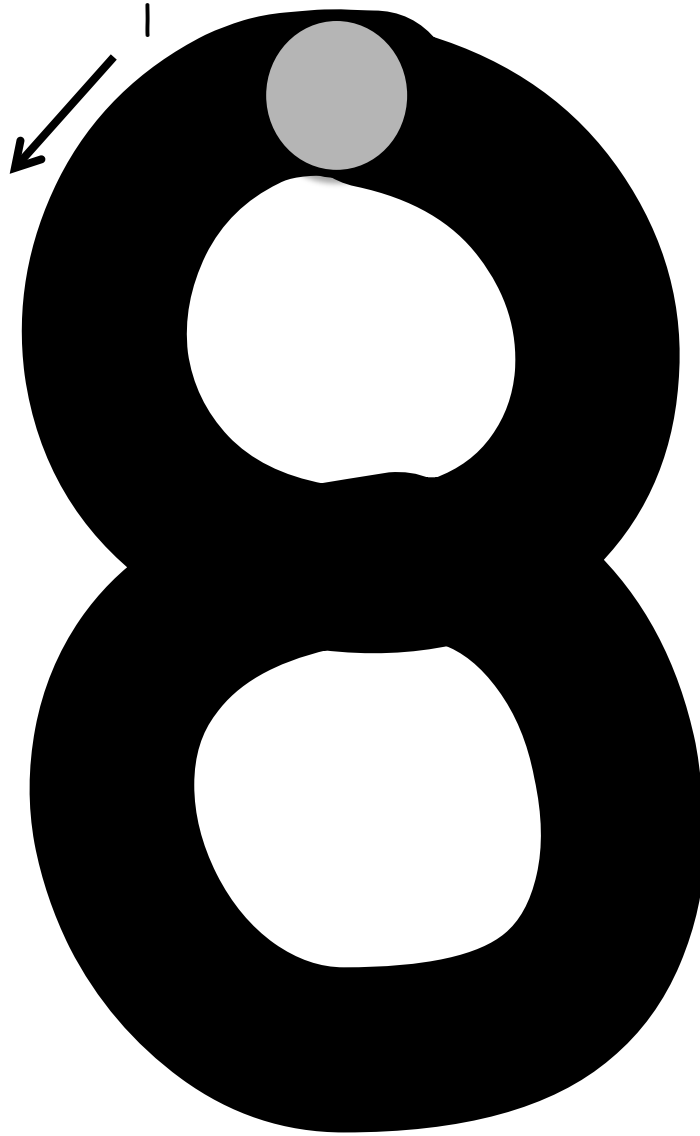

●	●	●	●	●
●				

Monkey's tail needs a fix.  
Come on, let's make a six!

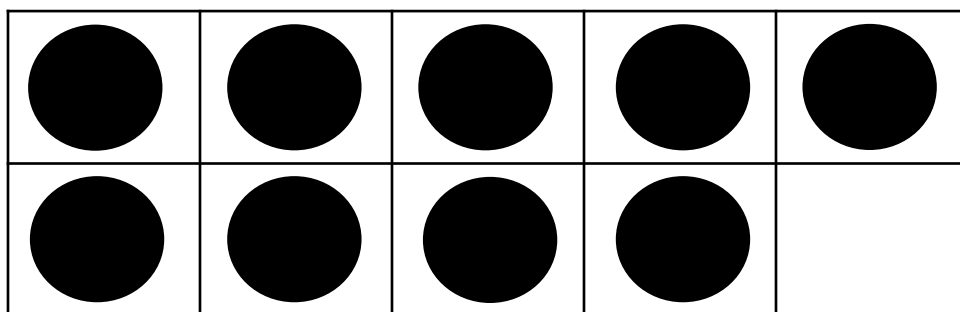

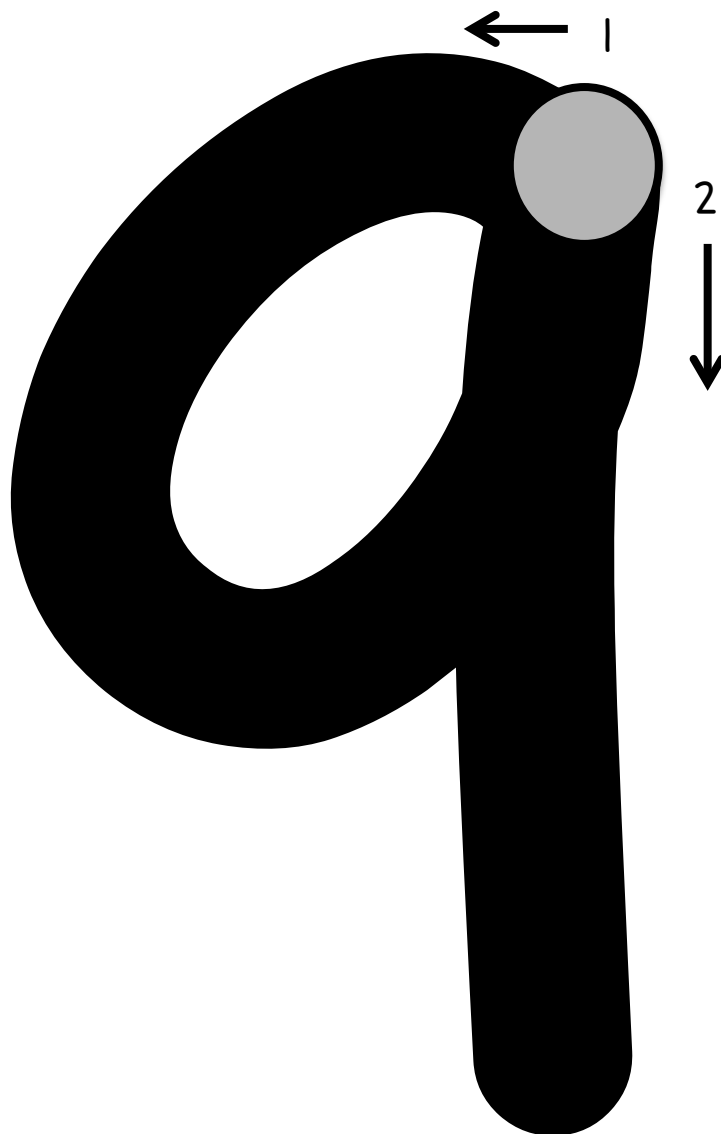

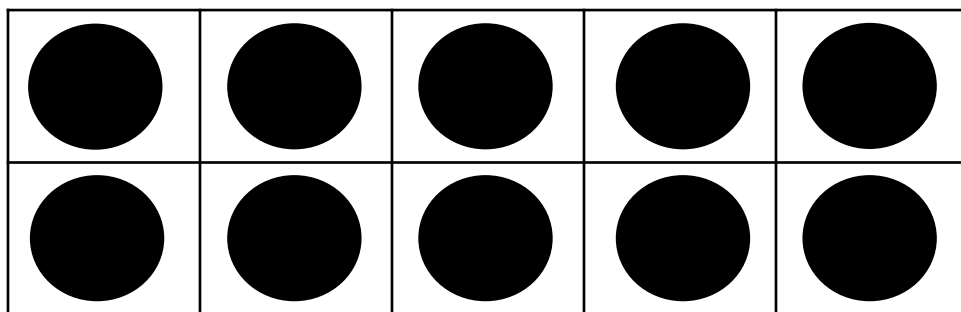

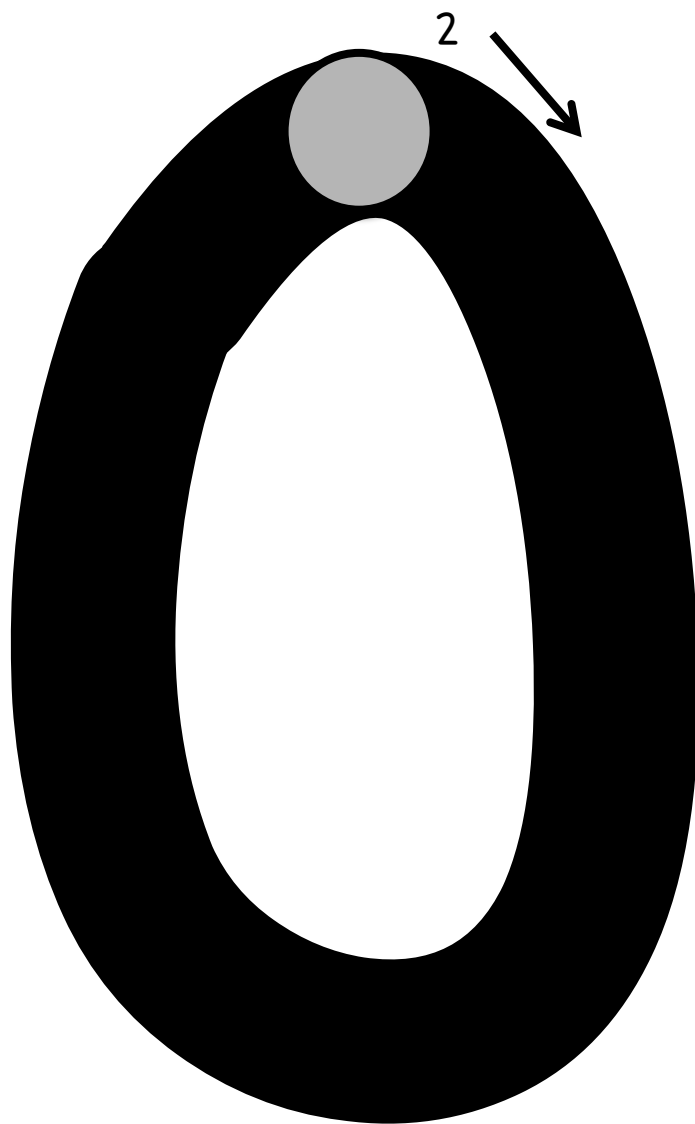

Across the sky and down from heaven;  
That is how we make a **seven**.

Make an S, and do not stop.  
Go right back up,  
and an **eight** you've got!

A hoop and a line.  
That's the way we make a **nine**!
