

Sec 6-2. Pages 294-296 Problems 22, 23, 29, 32, 35, 39, 69, 71

Use the graphs given for problems 29, 32, 35, and 39. Graph these lines with at least three points. Use the rest of the paper for the remaining problems.

29. $y = \frac{2}{3}x - 1$

32. $y = x + 4$

35. $y = -\frac{3}{2}x$

39. $y = -0.5x + 5$
