

1. Given the parent function $y = |x|$ shown:
Graph the function $y = 2|x + 1| - 3$
on the same graph

2. Given the parent function $y = x^2$ shown:
Graph the function $y = 2(x + 1)^2 - 3$
on the same graph

3. Given the parent function $y = \sqrt{x}$ shown:
Graph the function $y = 2\sqrt{x + 1} - 3$
on the same graph

4. Given the parent function $f(x) = \boxed{x}$ shown:
Graph the function $f(x) = 2\boxed{x + 1} - 3$
on the same graph
