

## Hwk #1:

Send me an email including responses to all of the following questions. Number your answers in the same order as the questions.

1. Your name
2. Your Hawkmail address
3. The following information about your parents/guardians:
  - a. names
  - b. phone numbers
  - c. email addresses
4. Use the Syllabus to answer these two questions.
  - a. What must you do to be able to retake a test/quiz?
  - b. How much time do you have to retake a test/quiz?
5. Access the online textbook by going to the website that you'll find in the Syllabus. You have access to all three books, Algebra 1, Geometry, & Algebra 2. Sign in using the Username and Password from the Syllabus. Choose Student Center for Algebra 2 which gives you the online textbook. Then do the following:  
Go to page 249 by typing that page number in the box in the upper right portion of the screen and pressing ENTER on the keyboard. Write down the Web Codes for the following which you'll find in the margins of the book:
  - a. Homework Video Tutor.
  - b. Online lesson quiz.
6. Go to the website for the Homework Video Tutor and type in the Web Code. Choose the first video under English, "Graphing a quadratic function,  $y=ax^2+c$ ". What is the name of the teacher narrating the video?
7. Go to the website for Online lesson quiz and type in the Web Code. How many questions are there?
8. Go back to the online textbook and go to page 362. Find the Web Code for the Chapter Test and write it down.
9. Go to the website for the Online Chapter Test and enter the Web Code.
  - a. What is the title of this Chapter Test?
  - b. How many questions are there?
10. Go back to the online textbook and go to page 998.
  - a. What is on this page?
  - b. Why is this in the book?
