

Agile Mind Scavenger Hunt

Log in to Agile Mind using the information below:

URL: <https://dearborn.agilemind.com>

User Name: your DPS school id number

Password: your DPS school id number

Once you've logged in close out the box that appears which shows tips for using Agile Mind.

1.
 - a. What are the Three Main Headings across the top of the page?
 - b. Which heading is underlined in green?
 - c. What do you think that means?

My Agile Mind

2. Once you've logged in look at the left-hand column of the screen.
 - a. What is the heading of this left-hand column?
 - b. What page are you now on?
3. What class are you in? Write it down below.
4. Click on the > symbol underneath Announcements.
 - a. Write down the time frame the announcement will appear.
 - b. Write down the first sentence of the announcement.
5. Click the 3 bars in the top, left corner of the page.
 - a. What 3 things do you see? Write them down.
 - b. Select **View**. What helpful things are there that you might use in this class?
 - c. Select **Print**. What are you able to print?
 - d. Select **Help**. What is the telephone number for Agile Mind **Support**?

Support Telephone Number: _____

What other helpful things can you find under **Help**?

6. Click on the word Reports on the bottom of the left-hand column of the screen. Write down the options you can choose from:

7. Click on My Information to close the Reports window then click on Calendar.

a. On this screen what dates are shown?

How can you see future dates?

b. Click on the > symbol next to Announcement #1.

i. Write down this announcement

ii. When is this announcement “active”

c. Click on > next to Assignment #1.

i. When is this assignment active?

ii. Write down the assignment.

iii. Click on the words Assignment #1. This assignment should appear. Try to answer the question and click on Submit Answer. If you didn't get it correct click on Hint and retry. This question won't be counted in your grade. After a second attempt close out this window by clicking on the X next to the green ? in the upper right corner of the screen. This may bring you to the **My Courses** Tab. If so, click on the **My Agile Mind** tab at the top and then click on Calendar again.

d. Click on Assignment #2 on Thursday, Sept 5, 2019.

a. What message appears?

b. Click OK. The assigned question will appear. You can try to answer it if you want. Your score will not be recorded. Close out this screen by clicking on the X to the right of the green ? in the upper right.

8. This will bring you to the tab **My Courses**. If you wanted to get back to your Dashboard or Calendar you would have to click on the **My Agile Mind** tab. Stay in the **My Courses** tab.

a. In the left-hand navigation column you should see numbered categories, these are called Topics. Scroll down this list. We will cover approximately half of the topics this fall semester.

15. Preview the **Automatically scored** for Topic 2. What happened?
16. Knowing your math vocabulary is important for success in Algebra 2. Use the **Glossary** tab to find the definition of a polynomial. Write this definition below:

You may want to write down the Support Telephone Number somewhere handy. Tech support is available from Agile Mind to all students of Dearborn School and their parents. They will know more about Agile Mind than your teacher!! Your teacher had a few days of training and is learning to use this with you. Please keep in mind that this is new to ALL of us and it will benefit everyone if we help each other with this new system. If you find something interesting or helpful please let us ALL know about it.

Thanks! And I hope you have had fun learning how to use your new math material for the first semester. Feel free to play around with this at home. You CAN use your phone to access Agile Mind, however, it may look better on a computer.
