

Use the figure below to answer the questions.

1. Name a segment that is parallel to \overline{CZ}
2. Name a segment that is skew to \overline{QP}
3. Name the planes that intersect to form \overline{HN}
4. Name that segment formed by the intersection of planes QPW and DZC
5. Name the intersection of \overline{WN} and \overline{ZN}
6. Name the segments that intersect at point P
7. Name a plane that is parallel to plane WNZ

Yes, there is a back!

8. Write the equation for the Line of Reflection of $\triangle PQR$

9. Reflect $\triangle XYZ$ over the line $x = 1$
