○ I can construct a unit circle, complete with reference triangles to better understand content in the coming weeks.

Find the missing sides of the triangle. Then state the following trig ratios. Reduce, if necessary.

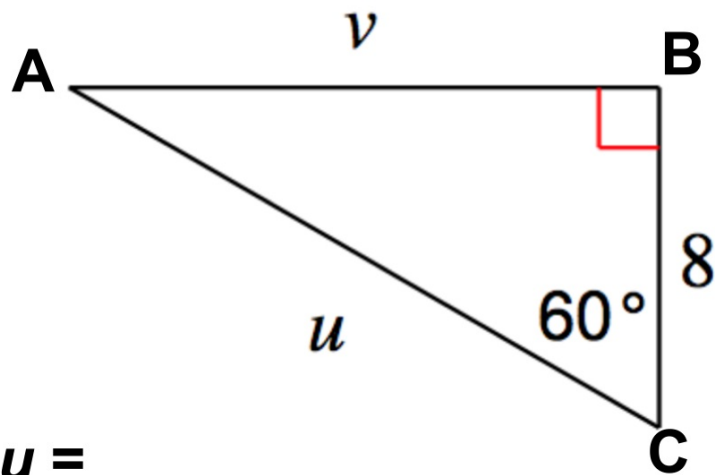

$u =$

$v =$

$\cos C =$

$\tan A =$

$\sin C =$

A

v

B

u

60°

8

C

cos C =

u =

v =

tan A =

sin C =
