

Name _____

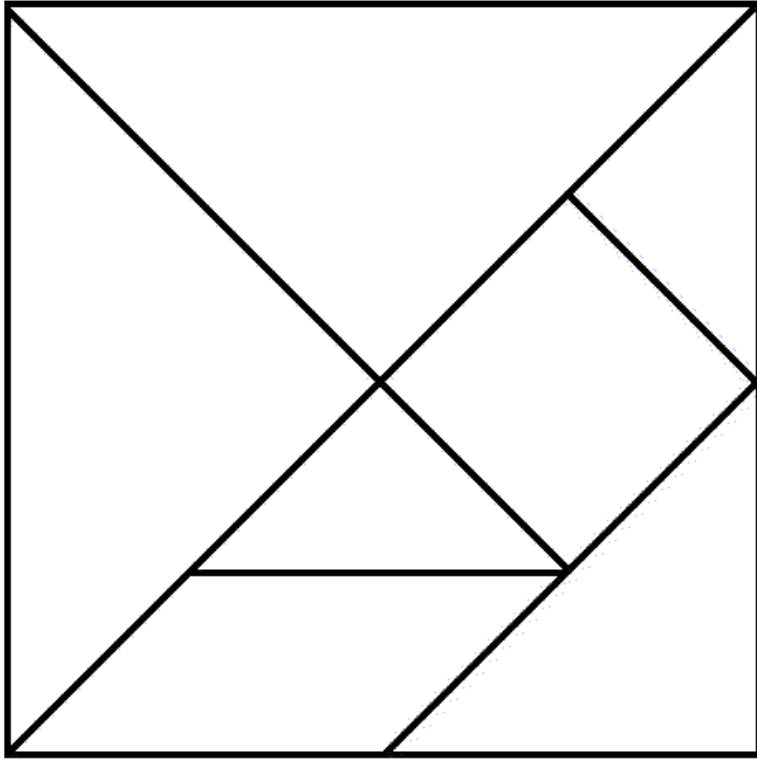

Date _____

1. Cut out all of the tangram pieces from the separate piece of paper you brought home from school. It looks like this:

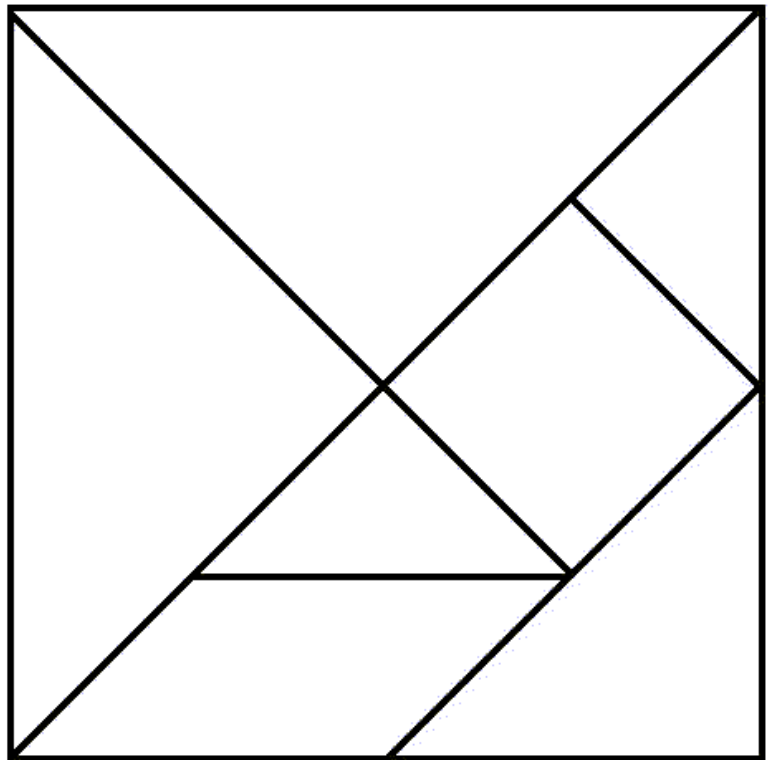

2. Tell a family member the name of each shape.
3. Follow the directions to make each shape below. Draw or trace to show the parts you used to make the shape.
 - a. Use 2 tangram pieces to make 1 triangle.
 - b. Use 1 square and 1 triangle to make 1 trapezoid.
 - c. Use one more piece to change the trapezoid into a rectangle.

4. Make an animal with all of your pieces. Draw or trace to show the pieces you used. Label your drawing with the animal's name.

One tangram is to be used during class.
The other tangram is to be sent home with the homework.
