

Name :

### Weather Project

With your partner:

- Choose a city in the United States that you would like to visit.
- Use the following websites to track the weather in that city for 5 days.  
[www.weather.com](http://www.weather.com) and [www.worldalmanacforkids.com](http://www.worldalmanacforkids.com)
- Make a weather chart and record you data.

#### Weather Chart

	Monday	Tuesday	Wednesday	Thursday	Friday
High/ Low Temperature					
Wind					
Weather Description					
Precipitation					
Humidity					

- Prepare a short presentation to describe the weather in that city.
