Others may claim that the Anti-Federalist had the best plan to protect citizens liberties. The Anti-Federalist fought for a loose and weak gov't. A gov't that would not be able to abuse it's power take away the citizen's rights. But a loose and weak gov't would also not be able to protect citizens liberties. As shown in Shay's Rebellion where people were being mistreated and abused and the Federal gov't was unable to do anything.
