

Bahai Kubo
ka heet moon tee
Ang halaman doe on
Ay sah ree sah ree

My neepa hut
May look quite small
But the plants in my
garden grow big and tall

There's corn and
squash, tomatoes too.
And there's eggplant
and ginger, so good for
you.

My turnips, my peanuts,
my beans in a row.

There are so many
plants that I grow.

Bahai Kubo
ka heet moon tee
Ang halaman doe on
Ay sah ree sah ree

My neepa hut
May look quite small
But the plants in my
garden grow big and tall
